API 510 Online Preparatory Training
API 510 - PRESSURE VESSEL INSPECTOR CERTIFICATION
Self Paced Online 2024

Trinidad Inspection Services Ltd., in Association with Atlas Training will be conducting an Online Training Program for candidates in preparation for the API 510 Certification Examination.

API Standard 510 Pressure Vessel Inspection Code: In-service Inspection, Rating, Repair, and Alteration.)

Course Structure

The API 510 Training Course is structured with mainly self-paced study exercises. Attendees are expected to complete all exercises on their own, since lectures, practice questions, timed practice exams, practice quizzes and audio flashcards, all work towards achieving the learning objective. Instructor support is available via e-mail for any issues or questions that require clarification. (Further details on Page 2).

Basic Requirement
All course attendees are required to have a working computer with audio/video capability and internet access. Classes will be conducted on an online platform.

Who can benefit from this program
Inspectors, Quality Managers, Plant Engineers, Maintenance Personnel, Contractors, Storage Tank Owners/Users, Supervisors, and other qualified persons!

Tuition

Venue -Virtually at your location.
Time and date-Open

COURSE DETAILS

Overview of the API 510 Course Material

This API 510 training course online is 60 hours long. This training is self-paced. You can stop and start whenever you like. You can pick back up where you left off because the stopping point is bookmarked. You can repeat the course or just the lessons that you would like to repeat. You will never be rushed, and you will never be slowed down. Any questions can be emailed to the instructor, and he will answer them. There are 81 graded practice quizzes throughout the lessons along with a final exam at the end of 17 lessons. These quizzes will help you become familiar with the kind of questions that will be asked on the actual exam. This is a very important part of training for the exam. There are a total of 917 questions including the final exam. The final exam is very helpful in letting you know how well prepared you are. There are three additional practice exams that are available to download. The course is available for 120 days after purchase. This

API 510 training course is accredited with the AWS for 60 professional development hours (PDH) for the CWI 9-year renewal, CWB Renewal and for Professional Engineers.

**All Code books for this course are the responsibility of the participant.
These may be ordered through Global Engineering Documents or Techstreet.**
